California Northern District

**Notice of Electronic Filing**

The following transaction was entered on 10/18/2019 at 5:06 PM and filed on 10/18/2019

**Case Name:** MDL No. 1917 In Re: Cathode Ray Tube (CRT) Antitrust Litigation

**Case Number:** 4:07-cv-05944-JST

**Filler:**

**Document Number:** 5632 (No document attached)

**Docket Text:**

**ORDER**

This order responds to the letter filed today on behalf of the IPP Plaintiffs, ECF No. 5631, and the errata filed by the ORS Plaintiffs, ECF No. 5619. The errata purports to revive the ORS Plaintiffs' request to vacate the IPP settlement. *Id.* The errata does not constitute a notice of motion as required by the Court's August 9, 2019 order, ECF No. 5551. Moreover, even if the Court were to construe the errata as a notice, it would be ineffective to place the motion on calendar. The errata was filed on October 11, 2019 and gives a hearing date of October 23, 2019. Pursuant to Civil Local Rule 7-2(a), "all motions must be filed, served and noticed in writing on the motion calendar of the assigned Judge for hearing not less than 35 days after filing of the motion." October 23 is not 35 days after October 11. For these reasons, the Court will not take further action regarding the errata and no party is required to respond to it. The parties are further advised that the Court will not entertain any motion to vacate the prior settlement until after the Court has resolved the IPPs' pending motion to reconsider and amend that settlement, ECF No. 5587, because consider of the latter may moot the former.

**IT IS SO ORDERED.**
